## Beer & Cider Guide

Welcome to the 17th Pendle Beer Festival! Rather than our usual programme, this year we have curated and created a guide to everything on offer – cask ales, craft beers, ciders and perries – so there's sure to be something for all!

The lists details breweries and cider makers, styles, ABVs, colour (estimated), and notes that include allergen or dietary information (**NB: GF is certified gluten free**). If you have any questions about anything at the festival, please see one of our friendly volunteers – easy to spot in their bright orange T-shirts – or visit the ticket stand you passed on entry.

We are pleased to bring you this guide in conjunction with **Young's Beers Wines & Spirits Ltd** in Nelson, who have kindly sourced many of the fabulous drinks we have for you. And of course a huge thanks to our other festival sponsors too – **Barnfield Construction**, **Boyce's Barrel (Colne)**, and **Razamatat** – all of your support is greatly appreciated!

**Note:** Listed beers are subject to availability. Any last minute changes to the beer lists are detailed on a noticeboard at the festival. Tasting notes are adapted from the 2023 Good Beer Guide, brewery websites or personal experience.
